

Quality Blue

Save time, save money and reduce loss.

Actual size: 3" x 1.6" x .75"

Quality Blue

Quality Blue temperature recorders are designed to provide dependable temperature monitoring at every point along the cold chain. **Quality Blue** is a perfect replacement for obsolete strip chart recorders and provides unmatched reliability, accuracy, flexibility and low cost.

Quality Blue is ideal for use in the transportation of products for the perishable foods, floral, chemical, and pharmaceutical industries.

Maximize Efficiency

Quality Blue can bring new efficiency to Receiving and QA operations by docking with the optional **Express** handheld data retrieval device.

Express provides chart and tabular data viewing within 5 seconds.

patented

Features:

- Audible locating beeper (optional)
- LCD display
- Moisture protective pouch
- Standard and custom ranges available, LED alerts.
- Available in 10, 20, 40, 60, and 80 day recording periods
